AWARD WINNING POOLS
BUILT SPECIALLY FOR YOU BY KIWIS

Cascade pioneered home pools for Kiwis more than 44 years ago! No other pool building company has remained in business as long as Cascade - so we must be doing something right!

- We introduced the 'Free Solar Heated' swimming pool concept with INFILLFOAM wall insulation and SUNTRAP thermal solar bubble blankets to give customers a warm, cheapest-to-heat and operate, swimming pool
- Chlorine-free Activated Oxygen swimming pools - the same process that sterilises your drinking water these days in most areas.
- Vastly reduced pool chemical requirements, and water so soft, safe and pure that you can actually drink it! No more 'stinging' eyes - and no 'Chlorine Smell' - ever!
- Rapid installation times: The average size concrete pool shell can be installed in less than a week - cutting the waiting time from excavation to first swim by weeks!
- Longest lasting pool interiors - up to Twenty-five Year guarantee on the Aqualux flexible polymer interiors - with a choice of eight plain or marble-pattern colours
- With 40+ years experience, we are confident that we produce the best home swimming pool available in the World!
- YOU tell US what you want in a home swimming pool and we will custom design & build your very own Dream Pool that will be unique to you!

This brochure shows some beautiful and unique swimming pools constructed over the past few years.

Each was specifically designed and custom built to the customer's personal requirements

Call us today 0800 CASCADE and we will have our local Cascade Dealer call you for an on-site meeting and written quotation for all the likely costs of your swimming pool project.

WE BUILD
- what -
YOU WANT!

PACIFIC BLUE

Freeform 9.0 m x 4.8 m pool designed by Client

Eliminate Chlorine with our Activated Oxygen System!
... the ULTIMATE swimming pool!

4.2 m x 8.4 m rectangle pool with seat/entry

Natural swimming pool settings enhance many properties
Dare to be different with our fabulous Roman Mosaic interiors

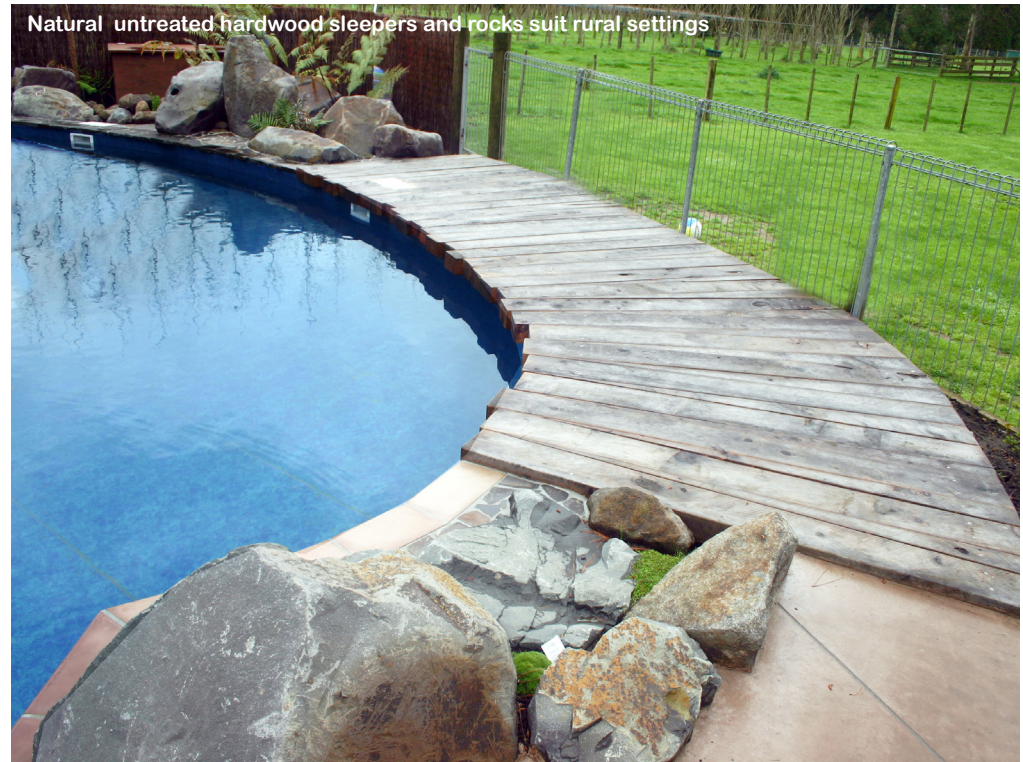

Natural settings created using untreated hardwood sleepers and thoughtful rockery

Space limitations mean sometimes modifying the pool shape!

Natural untreated hardwood sleepers and rocks suit rural settings

ULTIMATE

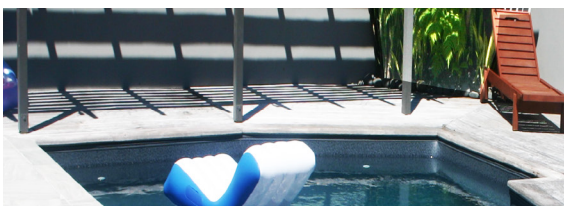

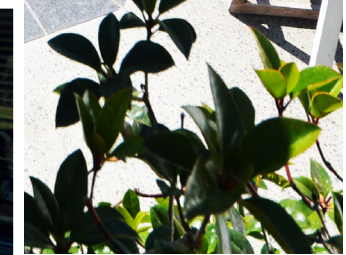

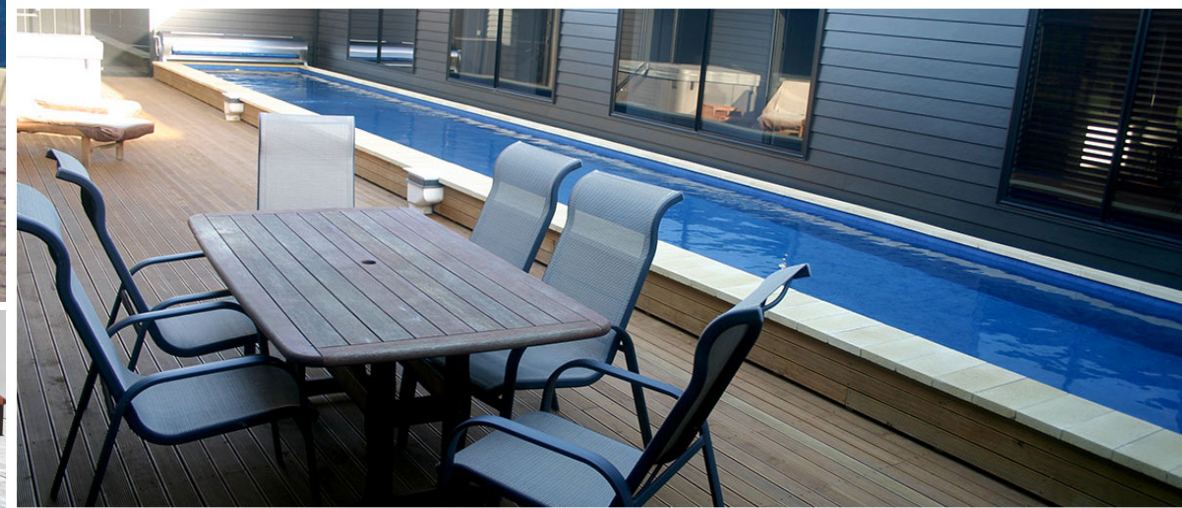

STANDARD RANGE

Our STANDARD pool range suits pool owners where budget is a priority. Standard shapes and sizes means there's a pool to suit your family size or needs - whatever your needs may be!

Our STANDARD pool is a Chlorine Pool using Aquagenie skimmer/tablet feeder to provide stabilised chlorine to keep water fresh and clean, with the added bonus of INFILLFOAM refrigeration grade insulation pool walls to keep the heat in.

These pools are great fun - and our history of building thousands of these pools for more than over years guarantees your satisfaction!
